Natural Man Vs Spirit Man...

This month Brother Richard Yorke has submitted an article to share with the Brotherhood.

When man first disobeyed God and did partake of the forbidden fruit in the Garden of Eden he changed the relationship between man and God.

To this present day man born of woman is born in sin and because of this sinful nature man needed someone to save him from his sinful nature.

So now what we see is

sinful flesh born of man. But we cannot see is the hidden man crying out to know it's maker all the day long.

When that inner man hears the gospel of Christ and, by submission to that gospel, is filled with the Spirit of God he finds power to overcome the outward man and to no longer be subject to the things of this world and he finds a new longing inside.

That is a longing for the ways of God.

This doesn't mean the man is free from the world. But it does mean that man now has the power, through Christ, to overcome the world when we walk no longer after the flesh but begin to walk after and mind the things of the spirit instead.

God has made a way and paid the price. Now the choice is ours.
